Rabbi's Message

As I write, Chanukah is fast approaching. Reflecting on one of the holidays themes, the theme of miracles, Rabbi Kerry M. Olitzky

writes: "...the Maccabees did not wait for a miracle, they brought one on their own and transformed the darkened Temple into a house of light. We can do the same." (Rabbi Kerry M. Olitzky, Rabbi Lori Forman, Sacred Intentions: Daily Inspiration to Strengthen the Spirit, Based on Jewish Wisdom, Jewish Lights Publishing, Woodstock, VT, 1999, Pg. 363) In a time such as is ours, this concept seems especially significant. With destruction and disaster engulfing our country and our world, it would

be easy to throw our hands up in the air and to simply say that it would take a miracle to change things. But as partners with God in the act of *Tikkun Olam*, the repair of the world, I think that we have an extraordinary capacity for healing that often goes unnoticed, or at least, unnoted. We look to God for the "big-stuff" and we forget that just as every journey begins with a single step, every "big" thing began with a "small" act. Don't underestimate the power that human-beings have to bring about literal miracles, or at least make a real dent in a bad situation. We may not be able to stop all the bad stuff from happening, but we sure can act in a positive manner, in order to restore some balance to a world that leans heavily toward

(Continued on page 2)

(Rabbi's Letter, continued from page 1)

darkness and despair. Bringing about miracles begins with actions that shine light on that darkness. And together, we can light up our community, and beyond. So this Chanukah, let's work together to bring about those miracles our world so desperately needs. Let's act to light-up our community by volunteering, donating time and money, or just practicing acts of random kindness. Organizations like Respond Now, South Suburban Shelter, PADS, the Jewish

Federation and others, are a really good place to start. Don't underestimate your power to be part of a miracle at this darkest and coldest of seasons. Together, we can make this Chanukah a time of light and hope for us, and for so many in-need around us.

Chag Urim Same'ach!

~Rabbi Carmit Harari

Beit AmiChai will be off for winter break from December 23rd through January 6th.

An Update from Beit AmiChai Hebrew School

As we move into December we will focus on Chanukah! On December 9th during Sunday School our students will celebrate the holiday with songs, latkes and donuts! Thank you to all our room parents who helped get the holiday treats ready for the school to enjoy! Thank you to all who helped make our Latke fundraiser a success! Tommie Gbur did a fabulous job organizing everything. Our school board committee along with some of our parents worked very hard cooking over a thousand latkes!

And another huge thank you goes out to everyone who supported the Chanukah Mitzvah Project. Families in need of some help this year truly appreciated the gifts. Thank you to Becky Moeckler for once again spearheading this wonderful project.

Wishing everyone a very Happy Chanukah!

~Mindy Miller, Principal

President's Letter

It's December, the last month in the western calendar and the start of winter in the northern hemisphere. In the Chicagoland area that means snow and cold. For Jews around the world it means Chanukah, the festival of lights. Menorahs, latkes, dreidels and yes presents. It reminds us that miracles can happen and that we should have faith and confidence. It is a time to spend with family and friends.

It is also a time to spend with your temple family. The Shir Tikvah Chanukah party is fun for all ages. It is a spectacular light show to see all of the menorahs burning brightly. No, we don't set off the smoke alarm but it is truly enlightening. So, if you are looking to have some fun with your temple family, please join us on Saturday, December 8.

Safety and Security, words that have become an integral part of our daily lives. Growing up for many of us this was not a concern. Yes, we locked our doors at night, but during the day doors were open and we felt and were safe. We knew all of our neighbors, spent a lot of time outdoors and crime was low and petty. We grew up in a time when policemen were respected and our friends. It was safe to go to work, school or our place of worship. Today, all of this is in question.

Those who believe that violence will only occur in other communities are wrong. I am sure that people in Pittsburgh or Las Vegas or Sandy Hook thought they were safe. Today violence can and does happen anywhere and at any time. We at Shir Tikvah are being pro-active to prevent crime and violence. It is imperative that our members, staff and guests not just feel safe in our building, but are safe. We have reached out to the Homewood Police Department who have increased patrols in our parking lot and are checking our building regularly. They have inspected our doors and windows to make sure that they are secure.

Inside our building we have made some changes. Doors will be locked for all services

and we will have ushers on duty to let congregants in. All meetings in the building must be scheduled through Diedre in our office so that we know who is in the building at all times. Emergency numbers are being prominently posted throughout the building. Our Facilities Committee will develop a Security Policy for Shir Tikvah and review who has keys to the building to reduce this number. They will evaluate security improvements that can be made to make our building even safer. Our Facilities Committee is also reviewing a program being offered by Federation to temples of matching funds for security improvements cameras, lighting, stronger doors and locks.

What can you do to help? You can be more aware of your surroundings, report things to the police that look unusual, suspicious or questionable. Be aware of people parked and sitting in our parking lot or loitering around the building. You can make sure that building doors are locked and that they stay locked. That you know who you are opening the door for and what their business is at Shir Tikvah. If in doubt, don't open the door and advise an officer or staff member.

Each of us should also review what more we can do to ensure that our homes are safe and secure. Make sure that doors and windows are locked and secure. If you don't have one, you may want to evaluate a home security system. Don't open the door to strangers. Get caller ID, so you know who is calling before you answer. Be aware of your surroundings, strange cars parked on your and strangers canvassing neighborhood. Don't be afraid or hesitant to call the police. They want and need our help to prevent crime and violence. We do not need to live scared or paranoid, but we do need to become more alert, questioning and pro-active when it comes to safety and security.

Your co-presidents, Sherman and Sherry
