#### Rabbi's Message

Happy New Year!!!

It is hard to believe that we are already beginning the third decade of the century! Time passes so quickly...

I was fortunate to end 2019 on a hopeful note. While attending one day of the URJ Biennial convention in downtown Chicago, I was moved by the messages of social responsibility and hope that were a prominent feature of all aspects of the

convention. In his sermon on Shabbat morning, Rabbi Rick Jacobs, President of the Union for Reform Judaism, pointed to the talented young people who weren't just our future leaders, but, rather, were already making change in our country and around the world. One such young woman, a twenty-year-old, had attended a workshop through the Reform movement's Religious Action Center (RAC). Motivated by what she learned, she returned home and founded a camp for refugee children. Staffed entirely by young people, the camp has been running for several years and continues to bring joy and fulfillment to those who might be most in need.

Another message, one of empowerment, came from Dr. Deborah Lipstadt, Dorot Professor of Holocaust Studies at Emory University. Speaking about Anti-Semitism, a topic into which she has delved deeply over the past few years, Dr. Lipstadt told the story of a student who came into her office one day wearing a kippah. Since it had not been his custom to do so before then, she was intrigued. Dr. Lipstadt asked about the kippah, and the student informed her that he had decided to wear it after an Anti-Semitic attack, a sign that he couldn't

Happy New Year! be frightened. People in the audience quite literally applauded the gesture. And while it might seem powerful, brave even, Dr. Lipstadt said she had a different interpretation of her student's actions. In her opinion, this student's decision to wear a kippah was really a sign that he had allowed the Anti-Semites to determine when he felt Jewish. Dr. Lipstadt said she hoped her student would build his Judaism on what Jews do and not based on what is done to them. "Being a Jew," she told us, "is about so much more than being a victim."

2019 might well go down as one of the most chaotic years in American history .For Jews, the year ended on a particularly frightening note, as our status shifted from religion to nation and the number of Anti-Semitic attacks in our nation rose sharply. And yet, as Dr. Lipstadt reminds us, we must not allow the Anti-Semites to dictate when we feel Jewish. To be sure, there is reason to feel unsettled. But if we live in fear, constantly looking over our shoulders, waiting for the next attack to happen, then we aren't living at all. As Dr. Lipstdat so poignantly

reminds us, "being a Jew is about so much more than being a victim."

Coupled with the message of social responsibility, I believe that we have a formula for positive change. In 2020, it is my sincere hope that we do not allow those who seek our destruction to define us. Instead, let us live out the words of our prophets, and in the words of the Torah, pursue justice so that the world is a little less chaotic and scary place than it has been over the past few years. Let us stand up for what's right and be proud of the tradition that empowers us to speak up and act out wherever we see bullying, hatred, or injustice. Let us begin this new year with hope in our hearts, empowered to know that every person can make a real difference in making this world a better place.

A happy, healthy and fulfilling 2020 to you and yours!

~Rabbi Carmit Harari

#### **Presidents' Message**

Happy secular New year! As you probably know, January is named for the Roman god Janus who had the ability to look both forward and backward. As we like to do at this time of the year, we will look backward and then forward to Shir Tikvah's accomplishments and projections.. This past year has been an exciting one as we have continued to form our new congregation.

If you look at our calendar, you will find there are activities happening in our building almost every single day. During the past year, thanks to the JUF, Sholom over 50s has started meeting here on every Tuesday morning. You can join the group for entertainment, Yiddish,

(President's Message, continued from page 2)

companionship, and lunch. There are services on Friday nights and Saturday mornings. We have had stimulating Bible and Bagels discussions periodically after Saturday morning services. There are movies followed by discussion several times during the year. We have celebrated the holidays together through the year, including a community Seder, coming together to break the fast after Yom Kippur, and a Chanukah party. We have had fund raising activities such as the jewelry sale and the ad book. We now have yoga on Monday mornings. The Women of Shir Tikvah (WoST) have also been very active with book reviews, speakers, and monthly birthday celebrations. Of course, our board has been meeting monthly to plan activities and projects. This past fall, our new religious school was formed so that we now have Hebrew school meeting here on Wednesdays and Sunday school and confirmation classes meeting on Sundays. Rabbi Harari has been so busy, she must have been cloned to have accomplished as much as she has this past year. Between meetings, teaching, visiting the sick, conducting funerals, and leading services, she has been super active meeting the needs of a diverse congregation. Many times, we have called upon congregants for help and you have always stepped forward. Thank you.

This coming year, we will continue to update our security system and to

implement a security policy. We have already started planning for the High Holidays. We will have our annual meeting in June when we will elect our new slate of officers. We will continue enjoying seeing our young people at services as they prepare for their b'nai mitzvah. There will be no reason for anyone to be bored as we have more activities for you. Become involved!

Finally, we would like to end with some words from Rabbi Sacks:

"Wisdom is free, yet it is also the most expensive thing there is, because we tend to acquire it through failure or disappointment or grief. That's why we try to share our wisdom, so that others won't have to pay the price for it that we paid. These are some of the things Judaism has taught me about life, and I share them with you: Never try to be clever. Always try to be wise. Respect others even if they disrespect you. In life never take shortcuts. There is no success without effort, no achievement without hard work. The greatest gift in giving is the opportunity to give."

~Sherry and Sherman

Happy 2020.

In December, the Women of Shir Tikvah had their birthday lunch at Aurelio's. We have learned new yoga moves from our instructor, Liz Smith.

I took part in the URJ Biennial at McCormick Place with 5000 Jews from North America. I attended plenaries, met with other small congregation leaders, shared how our reform/conservative congregation works, and attended services. Friday Shabbat services were amazing. After dinner, there was a song session with many of the Jewish composers, cantors and song leaders. Shabbat morning services were quite special! At lunch, members from the Chicago area ate and talked about what is going on in our Sisterhoods. One of the interesting sessions I attended was chaired by Rabbi Dreyfus as part of her Task Force on the Experience of Women in the Rabbinate.

The coming months will see the Women of Shir Tikvah involved in various events. Oneg Shabbats on Friday will be provided by Sisterhood. If you are celebrating a special event, consider sponsoring an Oneg Shabbat. We will celebrate Sisterhood Shabbat in February. We will enjoy the food from our second Passover Taste and Tell in March. Our community Passover seder will take place in early April. Kallah will be held at OSRUI in late April and some of us will attend the Fried Leadership Conference. Each month we will celebrate birthdays at Aurelio's.

Gayle Weil, Sisterhood President

### 38<sup>th</sup> World Zionist Congress Vote

The 38<sup>th</sup> World Zionist Congress is scheduled to meet in Jerusalem from October 20-23, 2020.

The elections will determine the size of the various delegations to the Congress and are scheduled to be held from **January 21 to March 11, 2020** (MLK Day to <u>Purim</u>).

Currently, the United States has 145 delegates in the WZC, the largest single delegation outside Israel. Thanks to a robust turnout in the 2015 elections, 56 of the 145 delegates (39 percent) represent the Reform Movement and, as a result, have been able to ensure that more than \$4 million a year (\$20 million over five years) is being directed to the Israeli Reform Movement. By comparison, the Israeli government annually provides nearly 4 billion NIS (\$1.1 billion) to Orthodox and Haredi institutions in Israel.

A strong election turnout among North America's Reform Jews and our supporters and allies will ensure that financial resources will continue to flow to our Israeli movement – including Reform congregations and institutions. It also will allow us to fill leadership positions in some of Israel's national institutions, including the World Zionist Organization (WZO), the Jewish Agency for Israel, and Keren Kayemeth LeIsrael – Jewish National Fund (KKL-JNF).

#### **VOTERS IN THE WZC ELECTIONS MUST:**

- Be 18 years of age or older (by June 30, 2020)
- Self-identify as Jewish
- Agree to the Jerusalem Program\*, the official platform of the WZO and the Zionist Movement
- Agree to pay a minimal processing fee.

## Watch for voting instructions!

<sup>\*</sup>The Jerusalem Program is the platform of the World Zionist Organization. It does not favor any specific organizational or political platform. It does not encourage Settlement activity across the Green line and simply tries to espouse the central principles of Zionism today.

We are asking all those who vote to simply acknowledge that this is the platform of the World Zionist Organization.

The Sunday School continues with the focus on the Jewish home and welcomina rituals.The students studied the v'ahavta and talked about the role of mezuzot in their homes. They made a

Pez dispenser mezuzah for their room's doorpost. They also viewed examples of Birkat Habayit, the blessing for the home, and designed a tile with their own blessing. Rabbi Harari introduced the ritual of Brit Milah, defining the special relationship of G-d and Abraham through their covenant in Bereshit 18. To show the importance of a Jewish name, students asked their parents the source and meaning of their Hebrew names and decorated a name tile for their bedroom door.

The Wednesday Hebrew School has continued its study of the alefbet and Friday night prayers. Students are eager to conduct a service.

Cultural confusion and the lack of true identity plague a young boy swept away from his mother during a joint American-Israeli rescue mission in this fact-based drama. In 1980 the black Falashas in Ethiopia are recognized as genuine Jews. In turn they are secretly carried to Israel in "Operation Moses." The day before the transport, the son of a Jewish mother dies. In his place and with his name, she takes in a Christian 9-year-old boy. [English subtitles]
